### What About A One World Order?

The present global mid-set is alive, well and in preparation for the coming world ruler, the Antichrist. It is a mid-set of acceptance and tolerance that in no way discriminates, seeing everyone and everything on an equal value and importance, except for those that hold to absolute objective and moral standards.

\* This includes culture, life-styles, believes under of relativism, that there is no absolute right or wrong.

The book of judges marks such a philosophy as the cause of corruption, confusion and the casting off of God as, “Everyone did what was right in his own eyes”. Josh. 21:25

\* Such a philosophy is a quazi-nausiating subjective approach to life that brings people down to a corrupt and destructive life-style that offends both the Creator and man, who was created in the image of God.

So lets look at some of the things that have gone on from the beginning of the fall of man and some of the thing in the last 40-50 years in our nation and the world, regarding this global one world mind-set.

#### **I. The idea of a one world government is nothing new.**

A. The tower of Babel was an attempt of united humanity to build a world to their own order apart from God to make a name for themselves.

1. “Come, let us build ourselves a city, and a tower whose top *is* in the heavens; let us make a name for ourselves, lest we be scattered abroad over the face of the whole earth. But the LORD came down to see the city and the tower which the sons of men had built. And the LORD said, “Indeed the people are one and they all have one language, and this is what they begin to do; now nothing that they propose to do will be withheld from them.” Gen. 11:4-6

2. The cause behind it was the fall, from the original image and likeness of God, inheriting sin nature. Gen. 6:5

\* “Then the LORD saw that the wickedness of man was great in the earth, and that every intent of the thoughts of his heart *was* only evil continually.”

B. This one world mid-set is seen all around us.

1. The changing of the name of our era from our present era A.D., to C.E. is one obvious and unifying factor in our day.

a. Since the time of the birth of Jesus, the era has been called A.D., representing a specified year of the Christian era, Medieval Latin: anno, in the year +

Domini, genitive of Dominus, Lord, the year of the Lord.

- b. Now it is called C.E, the Common era, the revisionist demand all evidence of Jesus to be erased from even our lexicon.

2. A release from the United Nations' world Affairs Council on January 30, 1976 declared, "Two centuries ago, our forefathers brought forth a new nation; now we must join with others to bring fourth a new world order.

\* To establish a new world order....it is essential that mankind free itself from limitations of national prejudice." (Forshock of Antichrist:32)

3. The secretary General of Habitat II, at one of their forums attempt to lay the groundwork for the New World Order, predicted that there would be, "a new beginning of the requests to implement the actions called for at the unprecedented continuum of global conferences that have marked the closing decade of this century", indicating 1990-2000. (F.O.A.;32)

C. The politicians of our day are right in step.

1. In September 1995 Mikhail Gorbachev and many politicians, futurologists, and New Agers took a giant step closer to global dictatorship, as they met on the 20 of September at the Fairmont Hotel which was

billed as the State of the world Forum-- Toward a New Civilization, President Clinton recently referred to it a "global village". (F.O.A.:41)

\* Previously it was hailed as the New World Order by former President George Bush in many of his speeches.

2. Jim Garrison, executive director of the Gorbachev Foundation, made a very revealing statement in the May 31 issue of SF Weekly, a far left San Francisco newspaper: "Over the next 20 to 30 years we are going to end up with the world government; it's is inevitable." (F.O.A.:41)
3. Secretary of State Hillary Clinton turned the state of Arizona in 2000, to the United Human Rights Council for her stands on immigration, while they ignored those of Communist Cuba and many others. 2010

***So, we can see that the idea of a One World government is nothing new!***

## **II. The most recent preparations for the One World Order.**

- A. The U.N. has scheduled class with a clear vision consisting in the 3Es.
  1. Environment that focuses on the creation rather than the Creator.
  2. Economics that focuses on a world bank.

3. Equality that focuses on putting everything on an equal level, a contradiction to diversity.

\* For when they say, “Peace and safety!” then sudden **destruction** comes upon them, as labor pains upon a pregnant woman. And they shall not escape.  
1Thess. 5:3

**B.** This indoctrination is supported by politician, educator, etc.

1. Vice President Al Gore said, “We must make the rescue of the environment the central organizing principles for civilization, it means embarking on an all-out effort to use every policy and program, every law and institution, every treaty and allegiance.. to halt the destruction of the environment.”

\* The environmental movement is the biggest sham and lie, whose goal is to take freedom from people and brake them financially.

2. The Director General of Un-ESCO said, “Citizens of the next century” is learning to live together. The city of the 21st Century will be a city of social solidarity...We have to redefine the word...and write a new social contract.

a. This would be to seek “consensus” and find a “common ground”, declaring their official Declaration of Principles on

Tolerance”, which is the appreciation for the world’s religions and life-styles without rejection of absolutism and dogmatism. Page 52

b. So faith in the absolute sense as taught in the Bible would be intolerable!

3. Hillary Clinton’s book, It Takes A Village, clearly shows the partnership mentality by educators, school psychologists, labor leaders, social workers and other “stateholders” in your child’s socialization to usurp the right to parents to guide their children to Christian maturity, even home-schoolers are targeted for transformation.

\* These groups will be trained to communicate the right facts in the right way to the right people at the right time.

4. North Carolina school super-intendent Dr. Jim Causby told educators at an international Model School Conference in Atlanta, “We have actually been given a course in how not to tell the truth. How many of you are administrators” You’ve had that course in public relations where you learn to put the best spin on things.” Page 50

\* The establishment of a global paradigm can only be done by abolishing the old biblical standard and world view, young and old must learn to synthesize truth with myths till Christianity is lost.

5. A curriculum called “The Whole People of God” distributed by Augsburg Publishing House used by thousands of congregation coast to coast in mainline denominations was full of Political Correct ideology.
  - \* A woman named Rachel declared, “It tells our children that it is wrong to be missionaries, but right to blend Christianity with Native American spirituality. Our children learn they are guilty simply because they are part of a culture that taught others to trust Jesus Christ”. Page 56
6. Under the American Dream, April 24, 2012 the UN is proposing a global carbon tax scheme that would come to as much as 0.6 percent of GDP for participating nations. The following comes directly from the report.... The report also envisions the transfer of trillions of dollars a year from wealthy countries to poorer countries. The UN feels that this is necessary for a couple of reasons. First of all, the UN says that developing nations do not have the resources to pay for the "green infrastructure" that is needed to participate in the new green economy and therefore wealthier nations should pay for it. Secondly, the UN believes that massive global wealth distribution is needed in order to bring about global "equity". The UN report also speaks of a

"social protection floor". So now instead of just supporting tens of millions of Americans that are relying on "the safety net", U.S. taxpayers will also be expected to contribute to a global safety net that hundreds of millions of people could end up relying on.

\* A monkey wrench was thrown in the world-wide “geen agenda” by the shocking election of Presient Trump!

***These are some of the preparations for the One World Order!***

### **III. The World conferences held in this decade of the 90’s.**

- A. The Earth summit in Rio de Janeiro in 1992.
  1. The conference a pseudospirituality of pantheism which was being taught to our children in public schools as well that nationalistic capitalism is the cause.
  2. This was blended with a pseudoscience to clean up the environment which would obligate the U.S. to pay billions of dollars to clean up the planet.
- B. The human rights conference in Vienna I 1993.
  1. The conference was an effort to build on the U.N. Declaration of human rights.

2. The U.N. Declaration of Human rights, Article 2 reads as follows; “The rights and freedoms may in no case be exercise contrary to the purpose and principles of the United Nations.”
  3. Compare this to Thomas Jefferson’s statement that “man is endowed by his Creator with inalienable rights...”
  4. The U.N. Convention on the Rights of the Child, for example, has planted within its many admirable goals some provisions which, if strictly interpreted, give children the right to determine their own sexuality autonomously from parents, the right to watch any entertainment refuse religious instruction, etc.
- C. The population conference at Cairo in 1994.
1. The premise was that the world is racked by overpopulation which is causing starvation.
  2. The solutions suggested were universal access to abortion and proactive birth control, and huge transfers of money from developed nations--managed by the U.N.
  3. The premise was incorrect for the highest population density on earth then was in Singapore and nobody was starving, the lower population densities, on the other hand were in areas where starvation was rampant.
  4. The world population of 2017 was 7.53 Billion people.

- a. If you took the state of Texas and any other state there would be plenty of room to fit every peson in the world.
  - b. And ample room for housing, where is the over population?
5. The problem is not too many people, but the unwillingness to produce sufficient food and a desire to control the masses.
- a. One put it this way, “This is one of the oldest tricks in political strategy “crisis management”, government creates the problem in order that the people will accept the governments solution to the problem!” page 301
  - b. Obama was the master of “a crisis”.
- D. The conference on the Rights of Women at Beijing in 1995.
1. Men were portrayed as villains, patriarchal and lesbian rights were promoted.
  2. One of the workshops all women joined hands in prayer to “Mother earth” which mocked orthodox Christian belief.
- E. The Habitat II Conference at Istanbul in 1996.
1. The Summit laid out a pseudoeconomics.
  2. The premise was that third world countries are so due to their exploitation by the United States and other Western nations.
  3. The concept of “sustainable development” which means that the United States might

have limits--caps--on its gross national product, determining a formula dictating how much each person really needs to sustain himself.

- F.** The objective of all these conferences is to control the masses through government solutions.
- 1.** The theory of overpopulation is a perfect example, Jacques Cousteau said, we needed to eliminate 350,000 people every day.
  - 2.** The shortage is not due to the lack of technology, but the lack of willingness to teach others to feed themselves.
  - 3.** People are starving in the world, but not because God has not provided the resources, but man's greed and desire to control.
  - 4.** These are some of the ways they are controlling population today.
    - a.** Infanticide or abortion and the conference at China was for women rights where woman have no rights to bear more than one child. 1995
      - \* We have aborted 60 million babies in America since 1973 to Jan. 2018, this equals to killing every person in Italy!
    - b.** Euthanasia is based on the quality of life philosophy, that one has the right to end one's life or be assisted. (Dr. Kevorkian)
      - 1)** The problem is that sooner or later when you go to the hospital, if they

determine your quality of life is not what they believe it should be, they will let you die with so called dignity.

- 2)** Euthanasia is consider compassionate in Europe, to not wasting resources.
- c.** Teen deaths are on the rise and have been for years, 300 percent in the last thirty years, September 19, 1985.
- 1)** This includes suicides, gang deaths drug abuse and sexually transmitted diseases, etc.
  - 2)** Suicides 2016 rose to a 30 year high in every age group except older adults, the steep rise is in women and also in middle age Americans. Yet the rates had been falling since 1950.
- d.** Homosexuality and the push for it's acceptance is a double whammy, for they can not procreate and die younger than most, due to their perverted sexual practices and complicated illnesses.
- \* Romans tells us, although they knew God, they did not glorify Him as God, nor were thankful, but became futile in their thoughts, and their foolish hearts were darkened. Professing to be wise, they became fools, and changed the glory of the incorruptible God into an image made like corruptible man--and birds and four-footed animals and creeping

things...those who change the natural use of the woman or man receive to themselves the recompense of their error which was meet or due them.  
Rom. 1:21-23, 27

*These are the World conferences held in the decade of the 90's!*

**IV. The commitment of the United States to the One World Order includes it's military.**

**A.** The United States of America turned over her soldiers to the command of the United Nations.

1. In December 22, 1994 the body of U.S. Army helicopter pilot David Hilemon was returned from North Korea, when he was shot down when he veered off course, his coffin was draped not in Old Glory, but in the flag of the United Nations.
2. At the funeral of fourteen U.S. servicemen killed in a tragic "friendly fire" accident over Iraq in 1994, Al Gore stated, "I would like to extend my condolences to the families of those who died in service to the United Nations" Page. 203

**B.** The facts of what took place to our military.

1. In July 20, 1992 in an article entitled "The Birth of a Global Nation", which was a straightforward plea for one-world

government, Strobe Talbott, Deputy Secretary of State said, "I'll bet, that within the next hundred years...nationhood as we know it will be obsolete: all states will recognize a single, global authority."

\* He was President Clinton's college roommate.

2. In only one fiscal year, 1993-94, then President Clinton shrank the U.S. Army from 790,000 to 570,000 troops, a cut of four divisions; cut the Navy by 100 ships, including a full Carrier Battle Group and two Carrier Air Wings; cut the Air Force by eight tactical fighter wings; cut the Army Reserve by 28 percent. These were considerably more than President Bush had recommended, and not explainable by the end of the Cold War. Defense analyst Loren Thompson of Georgetown University claimed, "U.S. defense capabilities are dropping like a rock."
3. The shrinkage of U.S. capabilities mirrored the growth of the U.N. "Blue Helmet" forces. The U.N. army grew by 800 percent from 10,000 troops to 80,000 from 1988 to 1993.
4. In November 1993 President Clinton invited Secretary General Boutros-Ghali to review the Corps of Cadets at West Point—an honor normally reserved only for the U.S. Commander-in-Chief.

5. Over the objections of General Colin Powell (then Chairman of the joint Chiefs of Staff), President Clinton in 1993 signed two Presidential Decision Directives (PDD 13 and 25) which put U.S. troops under foreign U.N. commanders and took away their right to refuse orders which American field commanders deemed unwarranted or incompetent. Since then, U.S. troops have served under commanders from several nations in U.N. peacekeeping Operations.
7. In 1996, Army corporal Michael New was court-martialed and discharged for refusing to don the Blue Uniform of the U.N. New claimed his oath of alliance was to the U.S. Constitution, not the U.N. Charter.
8. After Obama's 8 years of gutting our military, the military leaders said in 2017:
  - a. The Army is "outranged, outgunned, outdated," with only three of 58 brigade combat teams ready to "fight tonight."
  - b. The Navy is the smallest and least ready it has been in modern times. Fewer than half the Navy's aircraft can fly because so many are grounded for maintenance or because they lack spare parts.
  - c. The Air Force is the oldest and smallest it has ever been, and less than half of its combat forces are sufficiently ready to fight tonight.

- d. The Marine Corps is insufficiently manned, trained and equipped across the depth of the force.
9. In 1995 the U.N. was criticized in Reader's Digest for wasteful, extravagant spending. Then the U.N. itself admitted that not only was inefficiency a problem, but that it did not have the money to operate.
  - a. The solutions, to get World Bank loans.
  - b. The other more compelling, was to institute a world tax, though at the World Summit in March 1995 the response of American leaders was publicly negative, it is believed the tax will come.
  - c. At the high-level World Summit, attended by Hillary Clinton and others, the plans for imposing the global tax emerged, many things were considered.
    - 1) Fossil fuels and nonrenewable energy was one which could generate 66 billion per year, up to 300 billion.
    - 2) The greatest irony is that by 1995 U.S. taxpayers had already paid the U.N. 30 billion dollars since 1945, funding a quarter of its budget. page 223-34  
\* The Antichrist is going to be a military genius. Dan. 8:24; Rev. 13:4
10. Then there was President Obama who was and is committed to the one world order by spreading the wealth of hard working Americans and cap and trade.

- a. To the lazy entitlement people of our nation and the nations that hate us with reparations.
- c. The goal of the Copenhagen treaty of 2010 was to erect an international cap-and-trade regime to curb carbon dioxide (CO2) emissions, said to be responsible for man-made global warming. British Prime Minister Gordon Brown warned of a “climate catastrophe”- a rising wave of floods, droughts and shrinking food crops - unless the treaty is signed. Mr. Brown even said global warming would inflict more damage than both world wars and the Great Depression combined; the world has only several weeks to save itself from impending doom.” Obama failed at Copenhagen!  
\* The lies and distortion of global warming have been exposed!

***The commitment of the United States to the One World Order includes it's military!***

- V. The lie of Multi-culturaist is a Trojan horse in America.
  - A. Their emphasis is on your race, culture and language to give you a sense of importance, but in reality it is to divide you.

- 1. America has always been a melting pot of all nationalities, though they might maintain their language and cultural identity, but have always seen and called themselves Americans.
- 2. Today the emphasis is to have you focus on your national identity to limit you and the composite of Americans.
  - a. People who do not learn English won't get the best jobs.
  - b. They have bilingual teaching in our schools, costing us twice as much to run.
- 4. The result is that rather than uniting the students it separates them further apart as Americans in learning and patriotism.
  - \* The nation has forgotten Theodore Roosevelt's views on national bilingualism, he stated, “We believe that English and no other language is that in which all the school exercises should be conducted”. Menace of Multicultural: 112
- B. They profess that all cultures have equal value and no one has the right to criticize the other.
  - 1. The concept sounds good till you examine the cultures that are pointed to in their positive qualities while ignoring, omitting, distorting or hiding their negative qualities.
  - 2. The concept is a contradiction in itself, for if all western civilization is bad why have all the people of the world wanted to come to

the United States and once they have arrived they have prospered and thrived.

3. Not only that but where and by whom were the many advances in technology, science etc. made, not by these minority groups they are exalting.
4. The whole idea and goal is to bring about “tolerance” so that all absolute objective right and wrong that is proclaimed by Christianity is done away with and or condemned as bigoted or wrong.  
\* “Woe to those who call evil good, and good evil; Who put darkness for light, and light for darkness; Who put bitter for sweet, and sweet for bitter!” Is. 5:20
5. How can you put the culture of the Aztec who cut out the heart of the victim while alive, as a sacrifice to the sun-god in order that the sun continue to shine, equal with the culture of Christianity, what an insult.
6. The only culture that can and is criticized and condemned is Christianity for her morals and ethics contrary to the day.
7. The politically correct agenda is not to offend anyone so they are redefining and renaming everything.

C. Their use of the word “diversity is a contradiction on every level.

1. The very word “diversity” implies non equality, teaching distinction and difference,

2. The phrase is used for sexual preference or same sex marriages.
  - a. Yet all we have to do is examine the cultures in history who have tolerated and permitted such life-style to exist, only to see that destruction resulted.
  - b. Would anyone be willing to say that the culture of the Ku-Klux-Clan has equal value for our society or the African countries that mutilate women sexually through female circumcision?
  - c. The philosophy “as long as it does not affect me” is foolish, society is affected by every person, group or family.
3. The Christian history reveals character and the contributions to society and the world.
  - a. Prior to Christianity there were no hospitals, the first great hospital was built by St. Basil of Caesarea in the year 370.
  - b. The universities began to emerge in the twelfth century and multiplied in the thirteenth century through Christianity.
  - c. The power of “patia potestas” which gave the father the right of absolute power over his family of life and death was abolished by Emperor Valentinian I in 374 A.D. due to Christian influence.
  - d. Christianity has elevated the rights and living conditions of women anywhere it has gone as an equal before God, a helpmeet to her husband.

- e. Christianity has always civilized civilizations introducing a higher moral standard in respect of all life.
- 4. Don't get caught up in all this deception as they focus on your race, culture or sex.
  - a. Remember you are a Christian first.
  - b. Remember you are an American.
  - c. Remember we can not stop what is happening, it is prophecy in action, but we certainly can avoid from being sucked in and deceived.

***The lie of Multi-culturist is a Trojan horse in America!***

### **Conclusion**

The great nations of the world have existed for hundreds and thousands of years, yet all came to an end, regardless of the length of their rule and they all seem to go through the same cycles.

#### **Nations progress**

- From bondage to spiritual faith.
- From spiritual faith to great courage.
- From great courage to liberty.
- From liberty to abundance.
- From abundance to selfishness.
- From selfishness to complacency.
- From complacency to apathy.
- From apathy to dependency.
- From dependency to bondage.
